Today we are announcing the Club vote for the year 2020.

---

The vote will take place on the official forums and is aimed at organizing and easing the participation in the game by providing the players with interesting and high quality events. These will revolve around "Video Game Night", which will be held, as the name implies, on the main forum. The first year's Club vote was held in 2017. However, it was split among three different vote topics, which held the only chance for players to place their votes. The participants voted for the Town event, which was held with great success in 2017. We are confident that there will be similar success in 2020. We can say that this year's Club vote is much more organized and fair. There are no vote topics dedicated to different areas. This means that each group of voters will be involved in one sole voting topic - All Events, which will be divided into Events that take place across different areas and Events that are relevant to a specific area. We've received many requests from the players, asking to make the tabating process even more convenient. Therefore we've also decided to add a personal rank for each

---

player, which will be used to determine the final results. We will also post the amount of votes cast by each rank of player. This should make it a lot easier for the participants. The voting period for this year's Club vote will last about two weeks. The votes will be able to be cast in two forms. The first one is through the in-game voting mechanism, which will be introduced in the event form. If you have not voted before

The aircraft manufacturer on Wednesday began manufacturing the first of three Dreamliner 787s that will fly to the company's new worldwide customer support center in Sydney, Australia. Russia's United Aircraft Leasing, which leases airplanes to airlines, said it would transport the first 787 Dreamliner aircraft to Australia from Boeing's Everett, Washington, manufacturing facility in mid-September. AAE is already flying Boeing 787 Dreamliners from its seats in Sydney to Auckland, New Zealand, and Atlanta, Georgia, at full airline capacity, spokeswoman Kristin Rapkiewicz said. She said the company is leasing a third 787 Dreamliner to start before the end of 2015, in anticipation of additional Boeing 787 Dreamliners becoming available. "United is excited to fly Dreamliner," Rapkiewicz said. "We see this as a great opportunity to make a direct connection with the people in Sydney and to welcome these airlines to the Dreamliner family." Approximately 10,000 people work at the AAE facility, which opened in 1998 and is the largest Boeing certified widebody aircraft factory in the world, Rapkiewicz said. More than 60 percent of its workers are Australians, she said. According to Boeing, the Dreamliner is the first major new aircraft offering in over 25 years. The airplane's key features are 787's composite, birdcage, cabin pressure system, which allows a lower cabin pressure at altitude than in other models, resulting in smoother and quieter flights. By GAME SZALEK (Oculus Quest - 77.6, Deluxe GPDx - 78.7, Waves - 68.6) 2018.10.03 "The game is a fun, addictive RPG where players can role-play as their character and become the best at what they do. This is true to the RPG genre, the dungeons are challenging and require players to think outside the box. While the game is very simplistic in its design, it is a very fun and addictive experience and played just once can often be sufficient to start enjoying it all over again." By JARJON (PSVR - 87, PS4 Pro - 94, Vrse - 85) 2018.10.03 "While not the most amazing game I've ever played, Elden Ring is a very fun and addicting fantasy RPG that will do enough to keep you engaged for about 10 hours or so. While I personally don't think that the VR mode holds much value, it's a decent version of the game on the go - and at least it gets the fundamentals right." By PIT (PSVR - 81, PS4 - 72, PC - 70) 2018.10.03 "Elden Ring is a fun, extremely simple RPG, inspired by the large fantasy worlds from the games of yesteryear. A great deal of the game is

focused on driving exploration and combat, with simple RPG mechanics at work. There are some nice flourishes here and there, and it's some nice presentation work on the game's aesthetics, but it's a game that really is about the gameplay. If that sounds more than you want, just play something else." By DALSHAN (PS4 - 73)  
2018.10.03 "The game is great for those looking for a new, different fantasy RPG. The gameplay is easy to get the hang of and allows you to easily find your way around the game world. I love the fact that its a very linear game that can be played over and over again. The world map is very interesting and gives a unique atmosphere to the game. Elden Ring does a lot with what it has as opposed to the fact that it may not be bff6bb2d33
