tamilro).Q: CSS Grid: How to align text center of a row with a button in a footer cell? I want to align text center of a row with a button in a footer cell.

I've tried `text-align: center;` and `margin: 0 auto;`; The rest of css works fine. However, when I use `margin: 0 auto;` or `flexbox: align-items: center;`, the text align becomes upper in the first row which have same height, then goes to the bottom of the footer cell. How do I make the text to align center of the row even when the

row has different height?

```
body {  
margin: 0; }  
.container { display: grid;  
grid-template-columns: 50% 50%; grid-  
template-rows: 50% 0; /* main grid of  
50*50 */ grid-template-areas: "header  
header" "footer footer" "body body"; }  
.header { background-color: #f9cbbc;  
} .footer { background-color:  
#849484; text-align: center; } .body {
```
